Dear Mr. Wendt,

We would like to express our heartfelt gratitude for the hospitality and support you have offered for us during our stay in Hamburg.  
We are now back home, after visiting Rotterdam and Amsterdam Ports.

Rain is the only regrettable thing for us, but everything is very wonderful and impressive about 818 Hamburg Port Birthday.

We thank you very much for Hamburg, having given us the opportunity to join in this enjoyable and precious festival, which is truly different from our culture, so we were deeply moved.

I will send you the photographs taken in many events later,  
Please send my best regards to Mrs. Wendt, and your son Phillip.

Thank you so much again,  
and look forwards to seeing you all in beautiful Hamburg or Yokohama again in the near future.

Sincerely yours,

Itoko Kubota
